DEFINITION OF TERMS

The Board  Refers to ‘The Medical Practitioners and Dentists Board’.

CPD provider  Refers to an institution, entity or organization that facilitates delivery of CPD activities and is accredited by the Board.

Practitioner  Refers to a person who is professionally engaged in medicine and dentistry practice and is registered by the Board.

CPD Calendar Year  This is the specified period by which CPD activities are implemented. The period in this case runs from 1st January to 31st December of every year.

Presenter  A person who makes a presentation, lecture or talk at a CPD forum lasting at least 30 minutes.

Facilitator  This is a person who brings about an outcome by providing assistance, guidance or supervision in a conference or symposium.

Stakeholder  A person, group or organization involved in and/or affected by the regulatory activities of the Board.
The practitioner’s lifelong professional practice of medicine and dentistry is underpinned by Continuing Professional Development (CPD). The practice of medicine and dentistry is characterized by constantly changing disease patterns, management approaches and advances in technology. Therefore, medical and dental practitioners have a responsibility to continually upgrade their knowledge and skills in order to provide quality and optimum health care to their patients. It is mandatory under CAP 253, Laws of Kenya (CPD rules, 2009) for every medical and dental practitioner to comply with CPD requirements in order to be retained in the register.

These guidelines outline professional development activities which enhance the competencies of doctors in their clinical skills, management, teaching, mentoring, research and the importance of ethical practice. The guidelines also seek to standardize the provision and uptake of CPD activities.

CPD is a quality assurance mechanism that the Medical Practitioners and Dentists Board has instituted to ensure that practitioners maintain their fitness to practice. Further, individual and collective commitment to CPD by practitioners and providers will help reduce cases of professional malpractice, build public confidence in our health care system and enhance the standing of the profession.

The CPD guidelines is anchored on a foundation of trust that health professionals facilitated by accredited CPD providers will commit to meeting the requirements for continuing education whose benefits cannot be over-emphasized.

PROF. GEORGE A. O. MAGOHA, EBS. MBS.
CHAIRMAN
MEDICAL PRACTITIONERS AND DENTISTS BOARD
INTRODUCTION

The Medical Practitioners and Dentists Board (MPDB) CPD Regulations of 2009 aims at improving professional competence and linking CPD activities to retention of practitioners in the register. It also provides an impetus for the Board to accredit programs and institutions emphasizing ethical, professional and clinical practice relevant to the practice of medicine and dentistry. Currently there are 145 accredited CPD providers who comprise referral, county, private and faith-based hospitals, professional associations, medical and dental schools and non-governmental organizations.

The Medical Practitioners and Dentists Board found it prudent to review the CPD guidelines in order to address various challenges that were encountered by both the practitioners and providers. These new guidelines shall provide direction that the practitioner and the provider will use to ensure compliance.

The Board’s responsibilities is to accredit CPD providers in line with set standards, as well as ensure compliance by the practitioners before retention in the register. It is the responsibility of the CPD providers to develop and update CPD activities that are relevant and ensure appropriate returns to the Board. Finally, it should be noted that the Board has set up an online CPD platform to facilitate the management of CPD activities. It is the responsibility of all medical and dental practitioners to fulfill the minimum CPD requirements required by law and verify and update personal records with the Board using the online system.

CPD activities in these guidelines have been divided into two levels: formal and informal. Both of these cover extensive areas of interest. For practitioners who may find it difficult to attend activities away from their workstations, online CPD activities can now be easily accessed.

It must be emphasized that every practitioner wishing to be retained in the register and thus allowed to practise in Kenya must familiarize themselves with these guidelines in order to comply with the minimum CPD requirements. The Board through these guidelines also seeks to engage with CPD providers to facilitate provision of CPD activities throughout the country.

This guideline supersedes all previous editions and shall take effect from 1st January 2014.

13.5 Appeal Process

The provider has the right to appeal if:

13.5.1 They are not in agreement with the grounds for non-compliance as stated in Section 4.0, Sub-Section 4.4.

13.5.2 The Board recommends that a provider’s registration be withdrawn.

13.5.3 Circumstances are beyond the provider’s control, such as civil unrest, court cases, disasters, illness or death.

13.5.4 Prior information had been given to the Board indicating the reason why the provider was unable to comply with the requirements.

13.5.5 There are other reasons not outlined in the guidelines provided there is adequate proof.

The provider will be required to fill out a CPD Provider Appeal Form (CPD II), accompanied with the necessary evidence. Upon filing of the appeal, the Board will determine the hearing date within 28 working days.
14.1 Requirements for Practitioners

Practitioners must adhere to the following requirements:

14.1.1 Be registered online (iCPD platform)
14.1.2 Familiarize themselves with the MPDB CPD guidelines
14.1.3 Ensure that the CPD activity is registered with the Board
14.1.4 Maintain evidence of attendance to a CPD activity

14.2 Non-Compliance

The CPD program is an integral part of the practitioner’s professional life. All practitioners have the responsibility to demonstrate accountability in the delivery of services that safeguard the public. Failure to comply will result in suspension from the register and cancellation of the practising license as stipulated in CAP 253 Act of the laws of Kenya.

14.3 Appeal Process

14.3.1 The practitioner will be required to fill out a CPD Practitioner Appeal Form (CPD IV), accompanied with the necessary evidence.
14.3.2 Upon filing of the appeal, the Board will determine the date of hearing within 28 working days.
14.3.3 A practitioner may appeal against the penalty if:
   14.3.3.1 There is an error in CPD allocation of points.
   14.3.3.2 The Board did not process duly filled application forms.
   14.3.3.3 The eligibility of the activity is in dispute.
   14.3.3.4 The practitioner had earlier informed the Board the reason for his/her inability to adhere to the requirements and the Board found the explanation acceptable and provided additional time to comply.
   14.3.3.5 The practitioner is removed from the annual register.
   14.3.3.6 The practitioner is denied exemption.
   14.3.3.7 The practitioner is not in agreement with penalty(ies) given.
14.3.3.8 For any other reason not outlined in these guidelines that the Board will be requested to deliberate on, provided the practitioner provides adequate proof.

14.3.4 Preparing an Appeal

A practitioner must ensure that they submit their appeal and all accompanying documentation within 90 days after communication of the penalty. They should ensure that the Board has their updated records and provide all supporting documentation to accompany the appeal.

14.4 Exemption Process

Exemption from CPD activities shall be subject to approval by the Board upon written application. The practitioner shall be exempted from penalties on the following grounds:

14.4.1 Proof of illness.
14.4.2 Substantial reason, such as special duty or as may be approved by the Board.

Exemption will be provided upon review of the evidence given.
15.1 Operationalization of the CPD program

The Board, through the CPD office will be responsible for the operationalization of the CPD program. The Board will implement the CPD program using the Integrated CPD Management (iCPD) online system. All CPD providers and practitioners will be required to register online within a stipulated period prescribed by the Board.

All practitioners will be required to:

a) Log in all CPD activities, view CPD provider calendars and verify their CPD points on the online platform.

b) Attend and participate in CPD activities offered by CPD providers.

c) Submit peer review articles to the editorial office and receive feedback on the same.
All CPD providers will be required to:

d) Provide their CPD activity calendar, assign CPD points to practitioners and submit returns immediately and quarterly as prescribed by the Board.

The editorial office will be required to:

e) Review and upload approved peer reviewed articles onto the online system and assign corresponding CPD points.

The Board, through the CPD office, will:

f) Monitor the uptake of CPD activities; generate reports for both providers and practitioners and conduct bi-annual reviews of the iCPD online system to improve on its functionality and efficiency.

15.2 Online system

The iCPD online system will be used to register and track all CPD-related activities. The online system will be accessed through the following link: www.icpdkenya.org. A tutorial on how to navigate the system has been provided. The system will continually be upgraded to incorporate access from other external platforms to enhance data sharing.

15.3 Review process

The CPD program will be evaluated on a continuous basis to assess performance, identify gaps and areas of improvement. The review of the CPD guidelines will be undertaken every five years upon consensus of key stakeholders.
The Monitoring and Evaluation (M&E) of CPD activities will be carried out by the Board through the CPD structure. The CPD Results Framework (RF) and Monitoring & Evaluation plan are outlined below.
